About This Game

Inspired by adventure games and edutainment titles from our youth, Zniw Adventure is a traditional, 2D point and click adventure game featuring cartoon comic-styled graphics, classic frame-by-frame animation, lots of dinosaurs and other prehistoric creatures, and educational aspects.

Her mother's hatchday is just around the corner and Zniw, a young, yellow, female dinosaur, tries to find the ultimate gift! However, due to some unfortunate events, Zniw ends up far, far away from her hometown of Wajapulka. Now, armed with a sharp tongue, lack of navigational skills, and some knowledge from travel brochures, Zniw is desperately trying to find her way home... When she accidentally stumbles in on a major problem in the neighbouring village!

So how about it, will you help Zniw on her journey?
